FISHING INFORMATION

Cogra Moss provides an opportunity to fly fish for trout from the bank and natural islands. There are a variety of lies, including gravel and stony beds, sand banks, shallow bays and deeper channels. Waders are recommended. There is a well-established Brown Trout population. Rainbow Trout are stocked monthly throughout the season. Average fish size is 1lb 10oz, with current records of Rainbow Trout 10lb 8oz and Brown Trout 5lb 4oz. Natural flies include Sedges and Daddies. Cogra Moss offers superb dry fly fishing; other successful patterns include traditional wet flies, Black Spider, Greenwell's, Snipe and Purple, Buzzers, Vivas etc. Hook sizes 10 – 20 (but just ask anyone!)
